Corrección en el artículo de Rodríguez et al. «Ejercitarse en tiempos de la COVID-19: ¿qué recomiendan hacer los expertos entre cuatro paredes?», Rev Esp Cardiol. 2020;73:527-529

In the article “Exercising in times of COVID-19: what do experts recommend doing within four walls?” two mistranslations were detected. Where the text refers to “actividad de intensidad enérgica” (intense exercise), the correct term is “vigorosa” (vigorous). Likewise, where the term “ejercicios de aeróbic” (aerobics) is used, it should say “ejercicios aeróbicos” (aerobic exercise).
