**Correction in Article by Gil-Ortega et al. “Spanish Catheter Ablation Registry. 14th Official Report of the Spanish Society of Cardiology Working Group on Electrophysiology and Arrhythmias (2014)”. Rev Esp Cardiol. 2015;68:1127-37**

**Corrección en el artículo de Gil-Ortega et al. «Registro Español de Ablación con Catéter. XIV Informe Oficial de la Sección de Electrofisiología y Arritmias de la Sociedad Española de Cardiología (2014)», Rev Esp Cardiol. 2015;68:1127-37**

An error has been detected in [Figure 6](#) of the article titled “Spanish Catheter Ablation Registry. 14th Official Report of the Spanish Society of Cardiology Working Group on Electrophysiology and Arrhythmias (2014) by Gil-Ortega et al.

The datum presented under the abbreviation FAT (focal atrial tachycardia) includes the figures for AVNRT and AAT (atrioventricular reentrant tachycardia/atypical atrial flutter) and should therefore have been placed under the abbreviation AT (atrial tachycardia). The correct figure is the following:

**Figure 6.** Charges in the relative frequency of different ablation targets treated since 2005. AF, atrial fibrillation; AP, accessory pathway; AVN, atrioventricular node; AVNRT, atrioventricular nodal reentrant tachycardia; CTI, cavotricuspid isthmus; AT, atrial tachycardia; VT, ventricular tachycardia.

This correction was introduced in the electronic version of the article on 5 September 2016.
